Swiss Animal Breeding Technology Platform (SABRE-TP)

Workshop 2020

Wednesday 19th August 2019

Virtual Meeting via Microsoft Teams

Program

| Time | Title | Who |
|----------------|--|--|
| 10:00 | Welcome, Program | Andreas Hofer, SVT |
| 10:10 | Design and results from an Axiom custom SNP-array for Swiss cattle | Franz Seefried, Qualitas |
| 10:30 | Single-step models in the Swiss cattle genetic evaluation | Adrien Butty, Qualitas |
| 10:50 | Shape and Gaits 2.0 | Annik Gmel, Agroscope |
| 11:10 | Studying genetic data from the Swiss dark honey bee (<i>Apis mellifera mellifera</i>) using pooled sequences | Matthieu Guichard, Agroscope |
| 11:30 | Break | |
| 11:40 | Current projects at ETH | Hubert Pausch, ETHZ |
| 12:00 | The LCORL locus is under selection in large-sized Pakistani goat breeds | Tosso Leeb, UniBE |
| 12:20 | Insights in two actual projects (Swiss goats and Alpine cattle) | Heidi Signer-Hasler, HAFL |
| 12:40 | Lunch Break | |
| 13:40 | Coordinating and sharing genomic data in pigs | Claudia Kasper, Agroscope Andreas Hofer, SUISAG |
| 14:10 | Coordination of knowledge exchange in animal science | Johanna Besier, Agroscope |
| 14:30 | Stand Kompetenz- und Innovationsnetzwerks für Tierzucht | Melissa Raemy & Adrian Aebi, BLW |
| 15:10 15:20 | Fazit & Wünsche für nächsten SABRE-TP-Workshop? Abschluss des Workshops | Andreas Hofer, SVT |
